Unbelievable as it may seem, in the 21st century there are still people — including people in positions of power and authority — who are determined to **force** women to bear children, regardless of the situation, the feelings, and the better judgment of those women themselves. That is a way of **enslaving women to the dictates of an oppressive male supremacist, patriarchal system**; and **that** is what the cruel fanatics who are determined to deny women the right to abortion are really all about.
