

Join the #OUTNOW Movement!

The Trump/Pence Regime Must Go NOW!

Everyone with a conscience and heart for the people and the planet must confront that **EVERY DAY THAT THE TRUMP/PENCE REGIME REMAINS IN POWER THREATENS THE FUTURE**. We must face this hard truth. But, that is not enough, we must **ACT ON IT**.

There is a way to remove this whole regime – the #OUTNOW! Movement of sustained, non-violent protest that doesn't stop until the regime has been removed from power.

From now through January 2020, as the impeachment of Trump roils in the U.S. Senate, this movement must grow... each week making advances, becoming a growing force of all who feel that life here and around the world will be unbearable under the fascism the Trump/Pence regime is rapidly imposing.

All over the world, millions are carrying out mass struggle demanding regime change because they feel they cannot go on another day with what their rulers are doing.

Do we face a situation that demands anything less? Can anyone dispute that the Trump/Pence regime poses a catastrophic danger to humanity? Concentration camps on the border... environmental devastation accelerated... war, even nuclear war, casually threatened... white supremacist rule... fascist mobs and racist mass murderers... truth and science erased... the right to abortion near gone... the rule of law and democratic and civil rights stripped away... **THIS IS FASCISM UNFOLDING AND IN POWER.**

For three years people have adjusted to tremendous crimes while chasing the wisps of illusory saviors: the Mueller report, the so-called Blue-Wave, and finally an impeachment that doesn't even include the regime's full range of crimes and in which the Democrats have not pulled out all the stops to fight for conviction and removal. No one is coming to relieve us of our responsibility to stop the fascist America that the Trump/Pence regime is bringing.

But, there is our power, the power of the people acting with determination – not protest one day and go home. No, we must flood the streets – starting in our hundreds, soon becoming thousands, and ultimately millions – in non-violent protest that refuses to stop until the whole Trump/Pence regime has been removed from power.

Together, we must make January a month of struggle to advance this great cause.

Saturday January 4 Come to a mass organizing meetings to dig into and plan how to develop the week after week movement of sustained mass protests involving a broad diversity of people demand in Trump/Pence Out NOW!

Volunteer to join #OUTNOW in DC during the Impeachment trial.

Saturday January 11 mass protests – as the Impeachment hearings are in full swing.

January 18-20 Bringing the OUTNOW program of continuing, sustained mass protest to demand #OUTNOW! to the Women's Marches.

January 25 Mass protests in cities across the country that mark a leap in sustained non-violent protest demanding OUTNOW!

From now through the end of January, #OUTNOW needs to grow – every weekend coming back, waking and fighting for and winning more and more people and forces to see this is the only way to stop this fascist regime – week after week building the strength and influence.

Together we must reverse the horrible situation where those who oppose everything Trump/Pence stand for are not acting, but becoming increasingly complicit – even as the fascists threaten civil war and Trump brays that he won't leave office. We must find the ways together to challenge and inspire them to join us in stepping out of our comfort zones, overcoming fear and uncertainty, to struggle with all we've got so that the Trump/Pence Regime is removed from power.

**In the Name of Humanity,
We REFUSE to Accept a Fascist America!**
