

Donald Trump— GENOCIDAL RACIST*

BY BOB AVAKIAN

Part 6 *This is Part 6 in a series appearing online at www.revcom.us*

*In his typical crudely racist way, Trump has referred to Haiti and countries in Africa as well as Latin America as “shit-hole” countries—while insisting that we need more immigrants from places like Norway (an overwhelmingly white-European country). With the same crude racism (and xenophobia—hatred of foreigners) he declared that four “progressive” Congresswomen should “go back” to the “totally-broken crime-infested places from which they came,” insisting they could not leave this country soon enough—even though 3 of the 4 were born in the U.S. and the fourth came here as a very young child. **If Trump will say this about Congresswomen**, think about what he wants to do (and what he has been doing) with the*

masses of ordinary people he sees as coming from “shit-hole countries”—he would like nothing less than to purge this country of huge numbers of non-white immigrants, and to impose a reign of terror on many who remain.

(If you still think this is an exaggeration—going too far to say this about Trump—then you still don’t know who Donald Trump really is. Look for Part 7: further evidence of Donald Trump as a genocidal racist.)

* *Genocide* means killing off a whole people, or a large part of that people. Genocide is what the Europeans did to the native peoples in America, while stealing their land. Genocide is Hitler and the NAZIs murdering six million Jews. **Donald Trump is a genocidal racist.**

Donald Trump *hates* Black people, and everybody who is not a “white, English-speaking, Christian American.” If he could, he would kill off a whole lot of them, and put many of the rest in jail for life, or drive them out of the country.

Donald Trump— GENOCIDAL RACIST

In November 2018, thousands of immigrants from Central America were stranded for weeks in Tijuana because the U.S. was deliberately slowing the entry of people seeking asylum. (This year, the Trump/Pence regime completely stopped accepting these asylum seekers.) These people had traveled thousands of miles from Honduras and other countries to flee intolerable violence, poverty and repression. During a peaceful protest march by these stranded immigrants, hundreds began running toward the border wall. The picture shows these immigrants, including small children, fleeing a tear gas attack against them by the U.S. Border Patrol.
