

Bob Avakian (BA) says:

“... nowhere else, in any actual or proposed founding or guiding document of any government, is there anything like not only the protection but the provision for dissent and intellectual and cultural ferment that is embodied in this **Constitution for the New Socialist Republic in North America, while this has, as its solid core, a grounding in the socialist transformation of the economy, with the goal of abolishing all exploitation, and the corresponding transformation of the social relations and political institutions.”**
