The Chicago Police (CPD)—like the other police forces and the military—“serve and protect” THIS SYSTEM—the system of capitalism-imperialism. The system that rules this planet. The system that destroys lives and crushes spirits... that treats all kinds of people as “less than human”... that hunts down and drives down our youth in so many ways... and that threatens the very existence of humanity.

This system must go! So, Let's Get Down to Basics: We Need A Real Revolution!

On June 12, people from around the Chicago area will march on the 7th District Chicago Police Station in Englewood to proclaim:

WE ARE FIGHTING TO EMANCIPATE ALL HUMANITY –

For a World Free of All Oppression and Exploitation
No More Antagonistic Divisions Among the People

THIS SYSTEM CANNOT BE REFORMED—
IT MUST BE OVERTHROWN!

March to the 7th District CPD Station in Englewood at 1438 W 63rd

A Declaration, A Call To Get Organized Now For A Real Revolution says:...

For the masses of people, and ultimately for humanity as a whole, there is no future, or no future worth living, under this system.

But there is a way to a world and a future that *is* worth living, and is worth fighting for right now: **revolution**—*a real revolution*, not playing around with a few changes that leave this system in place and in power, while benefitting only a small number.

This revolution will “overthrow this system and replace it with a radically different and much better economic and political system, a *socialist* system, based on meeting the needs of the people and carrying forward the fight for a communist world where there will finally be an end, everywhere, to the exploitation, oppression, and destruction of the environment that is *built into* this system of capitalism-imperialism.”

We have the leadership for this revolution in Bob Avakian, BA.

BA is the architect of a whole new framework for the liberation of all oppressed people and the emancipation of all humanity: the *new communism*. **We are followers of BA. And you need to become followers of BA too.**

*This revolution is possible. We are in a rare time when this really could be. **But only if we get organized.***

Organizing people into this revolution means reaching out to all sorts of people—not just where there are protests and rebellions against oppression and injustice, but everywhere throughout society— spreading the word about revolution and getting people together (in real life and online) to grapple with why an actual revolution is necessary, what such a revolution involves, and what kind of society this is aiming for. This will enable people who are new to the revolution to themselves become organizers for this revolution and to recruit more and more people to do the same.

To Everyone who wants to see an end to oppression and injustice... To Everyone who has a heart to fight for something really worth fighting for –

Become part of the ORGANIZED Forces for this Revolution – so that we can have a real chance to win a whole new world!
